CAREER OBJECTIVE

Frontend Developer with hands-on experience building production-grade React applications. Passionate about crafting clean, responsive UIs and eager to contribute to innovative web products in a collaborative Agile environment.

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3

Tools & APIs: REST API, Axios, React Router, Git, VS Code

Other: Python, C, MS Office Suite

Soft Skills: Strong communication, problem-solving, attention to detail, teamwork

EDUCATION

B.Tech – Robotics Engineering

Swarnandhra College of Engineering & Technology (Autonomous), Seetharampuram | 2021 – 2025

CGPA: 6.7

Intermediate (MPC)

Tirumala Educational Institutions, Bhimavaram | 2019 – 2021

55.9%

SSC

Sri Chaitanya Techno School, Narsapuram | 2018 – 2019

CGPA: 7.7

PROJECTS

Admin Dashboard — Fintech Payment Management System

2024 – 2025

React.js · CSS3 · REST API · Axios · React Router

- Built a multi-page React SPA with 8 modules — Overview, User Management, Wallet Load, Transactions, Reports, Settlement, Beneficiary, and Wallet Balance.
- Developed a Razorpay-style payment modal with desktop split-view and mobile bottom-sheet responsive layout, triggered from a multi-step wallet load form.
- Implemented payment gateway selection with 6 configurable gateways, real-time service status indicators, and instant settlement badges.
- Created full user management with admin create / activate / deactivate flows integrated with backend REST APIs via Axios.
- Designed reusable component architecture with persistent sidebar, top bar dropdown, and page-level state management using React hooks.

Adobe XD React Assignment | React.js

- Built a pixel-perfect responsive web application from Adobe XD design specifications.
- Created reusable React components and maintained clean project structure.
- Implemented responsive layouts for mobile, tablet, and desktop screens.
- Deployed the project on Vercel for live access.
